WHAT THEY SAY.

That Hoch Asked With One Hand, Gave With Other.

Washington, Oct. 25.—Senator Long this morning visited the president and in coming from the White House authorized the statement that Kansas was unqualifiedly and positively for Taft for president. In view of the statements made yesterday by Hoch after a call at the White House that Kansas was for Roosevelt for third term and would run over all obstacles like a herd of Texas steers, Long's statement created unusual comment.

Hoch's statement was widely circulated and given great prominence, being interpreted to mean that Kansas was not for Taft, and regarded as exceedingly timely.

Senator Long said today: "In my opinion the Republicans of Kansas will send a solid instructed delegation for Secretary Taft for president. They consider that the statement made by President Roosevelt on the night of election almost three years ago, that under no circumstances would he be a candidate for or accept another nomination should be taken as final.

"I am personally in favor of an instructed Taft delegation from Kansas and do not believe that President Roosevelt will retract or modify or qualify the statement which he gave on the night of the election of 1904."

Morning papers here commenting on Hoch's interview, state that "He went to the White House with Dicker's candidacy for judge in Oklahoma in one hand, and a third term Roosevelt boom in the other."

Absolutely no progress has been made for two days in Oklahoma judicial matters where three candidates, Joe A. Gill, Jos. T. Dickerson of the Eastern and Frank Gillette of the Western district, are applicants for presidential appointment.

WHY IT CLOSED.

National of Brooklyn Responsible for Two Trust Companies.

Washington, Oct. 25.—Comptroller of the Currency Ridgely stated this afternoon that the Jenkins Trust company and the Williamsburg Trust company which suspended payment today, were directly responsible for the closing of the doors of the First National bank of Brooklyn. It appears that the latter bank cleared for the two trust companies and the closing of the bank doors today was for the purpose of protecting their depositors, inasmuch as otherwise it would have been held responsible for the paper of the two trust companies that might come in any time up to tomorrow morning.

INSOMNIA

"I have been using Cascarets for Insomnia, with which I have been afflicted for some time, and I can say that Cascarets have given me more relief than any other remedy I have ever used. I shall certainly recommend them to my friends as being all they are represented to be."

THIS IS FOR SCIATIC SUFFERERS

A Case of Ten Years' Standing Cured by Dr. Williams' Pink Pills, the Remedy That Has a Great Record of Success.

If you have sciatica, or sciatic rheumatism, and the treatment you have taken proved of no benefit, it is time that you tried the remedy that has cured so many stubborn cases—Dr. Williams' Pink Pills.

The most recent proof of the success of this remedy in such cases is the statement of Mrs. Mary Heckert, of Whiteville, Fulton Co., Ohio.

"I suffered from sciatic rheumatism for twenty years," she says, "before I found in Dr. Williams' Pink Pills a remedy that cured me. The disease in my case was probably inherited as my father had it for years. The pains were sharp and shooting and extended all through my legs from my hips down, torturing me so that I could not help crying out. They were worse at night and many times it was necessary to inject morphine to relieve me. Every year I had to pass through a spell of intense suffering. I would then be practically helpless as I could not move my legs. My kidneys were weak and I had dull headaches. I became nervous, weak and debilitated and lost in flesh.

"For ten years I tried many different doctors but was never cured. I was discouraged and had given up all hope of a cure, when I happened to read about Dr. Williams' Pink Pills. I took several boxes and felt so much better that I continued their use for some time and was cured. I have never had a return of the sciatica and have been healthy ever since."

Dr. Williams' Pink Pills make rich, red blood, enabling it to carry life and strength to the weak nerves and other tissues of the body. They are a specific for such blood diseases as anemia, rheumatism, the after-effects of the grip and fevers, and for such nervous diseases as dizziness, sick headaches, neuralgia, and have accomplished miraculous results even in partial paralysis and locomotor ataxia.

Dr. Williams' Pink Pills are sold by all druggists, or direct by mail, postpaid, on receipt of price, 50 cents per box, six boxes for \$2.50, by the Dr. Williams' Medicine Company, Schenectady, N. Y.

STRIKE IS RENEWED.

After an Agreement to Arbitrate Had Been Made.

New Orleans, La., Oct. 25.—Because the Illinois Central railroad freight handlers could not come to an agreement as to the time period in their contract, the 10,000 or more freight handlers cotton across the longshoremen and other laborers employed on the river front here again went on strike today.

All of the men who walked out today had been on a strike for several days but last night agreed to go back to work this morning pending an adjustment of the difference between them and their employers. Today the Illinois Central freight handlers refused to sign a three year contract.

\$10,000,000 POOL.

Clearing House Arranges to Take Care of Money Needs.

New York, Oct. 25.—A pool of \$10,000,000 or more was formed at a conference held at the clearing house this afternoon to take care of the money needs of the stock exchange. It was confidently believed that this action would tide over the situation completely so far as stock exchange needs were concerned. All today's loans will carry over until Monday.

The bankers pool had about \$15,000,000 to use for that purpose. Up to 2:45 p. m., about \$12,000,000 had been loaned by them at about 50 per cent.

The stock market became quite strong after the effective relief measures and at 2:45 prices were generally at the highest of the day. Several financial institutions closed their doors today, but this action was without effect in the largest financial circles. It was believed that the institutions were solvent and that only inability to obtain ready cash had caused them to suspend payment, and it was hoped that the suspensions would be only temporary.

The Trust Company of American and the Lincoln Trust company successfully withstood all demands of depositors throughout the day and closed at the usual hour.

The stock market closed strong and active. The combination of supplies of money in the loan crowd, although the call loan rate reflected continued stringency, had its effect on stocks. Prices rose to the best of the day all around. General Electric advanced 3 1/2, Union Pacific 4 1/2, St. Paul 1 1/2, Great Northern preferred and Amalgamated Copper 2 1/2, Reading 3 1/2 and Missouri Pacific, Anaconda and sugar 2.

HAD THE COMBINATION.

Somebody Robbed Express Office Safes of \$24,000.

Milwaukee, Wis., Oct. 25.—Investigation into a loss of approximately \$24,000 reported last night from the railway express office of the United States Express company in this city, shows that the money was probably taken by an employee who was thoroughly familiar with the surroundings and with the best means of making away with the plunder.

The thief apparently had knowledge of the combination of a large safe in the office. None of the employees is missing and the question of locating the guilty party has not yet been solved.

Again Return to Work.

New Orleans, La., Oct. 25.—All of the laborers on the river front here numbering about 1,000 men, who walked out this morning for a second time in the past week, again resumed work this afternoon, pending a settlement of their difficulties with employers.

MR. HERBERT'S O.K.

Will Sign Grading Contract for Topeka-Southwestern.

Returns From an Inspection Trip Over the Route.

PLEASED WITH PLANS

Says That the Prospects Are Very Good.

Holds Out Little Hope for North and South Line.

Mr. H. M. Herbert the consulting engineer for Lamprecht Bros. & Co., of Cleveland and New York has just returned from an inspection trip over the Topeka-Southwestern between Topeka and Eskridge. Mr. Herbert was accompanied by W. L. Taylor, president of the company, Mr. A. G. Goodwin, superintendent, W. F. Shanley, general right of way agent and V. R. Parkhurst, chief engineer. They made the trip in Mr. Goodwin's automobile. This is Mr. Herbert's first visit since last December when he came out and passed upon the proposition for the eastern financial people.

When seen this morning by a representative of the State Journal, Mr. Herbert said, "I am very well pleased with my inspection and will today sign the contract awarded a few days ago by Mr. Taylor to Denton & Maxwell. While Mr. Taylor and his associates have carried out our specifications I find that some minor changes can be made which will assist us very materially in getting the road completed at an earlier date."

"The average person does not appreciate what it is necessary to do in order to build a new railroad from the beginning and I think Mr. Taylor and his associates are to be complimented on their success in getting the line ready to begin the actual construction work in so short a time. It is true we purchased the old Council Grove Interurban company's franchise but there was nothing in this franchise that we could use with the exception of the good will of the people. This made it necessary for the new company to go into the field and practically do everything from the beginning."

When asked how soon he thought the road would be completed and in operation to Council Grove Mr. Herbert replied that he could not say. Under the requirements of the bonds voted it is necessary to have the road completed by the 1st of April, 1909, but we propose to build this line in first class shape and have it completed soon as we can. I have great faith in the Topeka-Southwestern. It traverses a good country, inhabited by a prosperous people. The territory through which the Topeka-Southwestern will run will be greatly benefited by the building of the line and I believe it will be greatly appreciated by those living in that territory who are compelled to drive from ten to twenty miles to the nearest railroad. By referring to the map you cannot find a strip of territory in the eastern part of Kansas that needs a railroad worse than the community between Topeka and Council Grove."

When asked what he thought about the North and South line Mr. Herbert said: "I will perhaps make an inspection over the line between Topeka and Burlington but I cannot offer any encouragement at this time. Financial conditions in the east are such that none of the large railroad bonding houses are taking on any new enterprises and while Lamprecht Brothers & Co. have enjoyed a good business in the class of securities they handle, I don't think they would at this time give much encouragement to any new railroad enterprises under the present financial situation," but Mr. Herbert added, "The smaller investors and the more conservative ones are looking for investments in the smaller railroad propositions where they can easily investigate the proposition and see that it is not over bonded, drowned in water or complicated with the securities of two other railroads. There is no investment that offers better securities to an investor than the first mortgage bonds of the smaller railroads, and not only the \$500 and \$1,000 investors are looking for these securities, but some of the larger ones who have been squeezed out of the bigger railroad security pools and investments."

CAN'T COUNT HIM OUT.

Fairbanks Denies That He Said He Was Not a Candidate.

Middlesboro, Ky., Oct. 25.—Before leaving his special train here today Vice President Fairbanks made clear his position with reference to quotations from certain St. Louis and New York newspapers to the effect that he was not a candidate, actively or receptively for the presidency.

He said that while in St. Louis he refused positively to discuss politics and that any statement alleged to have come from him in reference to national politics on the presidency was entirely unfounded.

WILL WRESTLE TONIGHT.

Demetral, "The Greek Demon," Is 23 Today, But Says He'll Win Anyhow.

William Demetral, better known as "The Greek Demon," who is to wrestle Chris Pearson, the champion of Canada, at the Auditorium tonight, arrived in Topeka on an early morning train flushed with his victory of last night and confident of winning the bout tonight. He won from Edward Anderson of St. Louis last night in a contest held in Atchison, taking the first fall in 20 minutes and the second in 12.

William Demetral, Who Will Wrestle Chris Pearson at the Auditorium Tonight.

Since he has been in America, which is less than two years, Demetral has met 237 men and out of this number of contests he has lost but six. Demetral, who is the champion wrestler of Greece, won the title before he was of age and has successfully defended it up to this time.

"Today is my twenty-third birthday," he said this morning, "but I do not believe in hiccups and I will win my match this evening with ease, unless the unexpected should happen. I have wrestled since I was 12 years of age and I guess that I come by it honestly for my father was the champion wrestler of Greece for 13 years."

"I was the strongest of the family of boys and it was for this reason that he chose me to follow in the profession which had brought him honor and wealth. From the time I was 12 years of age up to the time that I was 18 years of age I met all comers as an amateur and two years later I met the champion of Greece who had defeated my father who was well along in years. From that time on I defended the title of champion of my native country against all comers and was not defeated."

"I then traveled throughout the Mediterranean country, meeting all comers and defeating them with ease. Then it was that I decided to come to

America, the country that I had heard so much about and 22 months ago I landed on the shores of this country and issued my challenge to meet any man."

"Since then I have met 237 men and but six of them have won the bout and I would like a chance at these six once more before I return home, and I feel that I will win at least a majority of the matches. We all have our off days and out of charity for myself I reason that the matches I lost were on these days."

Demetral looks a few years more of age than he confesses to but at that there are the marks of youth about him. He is a magnificent specimen of young manhood, standing six feet in height in his stocking feet and weighing right at 200 pounds. He speaks the English language but with the hesitancy which characterizes a foreigner who has but recently landed, and there is a modesty about the man which challenges the admiration of a chance acquaintance.

He offers to meet any ten local men, barring negroes, and agrees to throw all of them within a space of 90 minutes or forfeit \$100. Tomorrow he will leave for St. Joseph, where he will meet Frank Gotch, the champion wrestler of America, who offers to gain the decision in 15 minutes.

KNITTING MILL FAILS.

A Heinze Concern Goes Into Hands of a Receiver.

Philadelphia, Pa., Oct. 25.—The Pennsylvania Knitting mills of Reading, manufacturers of hosiery, a Heinze company affiliation against whom a petition in bankruptcy was filed yesterday, had receivers appointed for it today by the federal court. The cause of the embarrassment is laid to attachments secured by creditors in New York. The liabilities are placed at about \$600,000 and the assets at \$210,000.

There are 225 persons employed at the place. The liabilities include \$30,000 in merchandise claims and \$400,000 in stock and bonds of the concern which are controlled by Heinze and a cash loan of \$180,000 advanced by the Heinze people.

Arrested for Horse Stealing. Sheriff John Wilkerson this morning arrested John Lane who is charged with stealing a horse at Carbonale, which he disposed of to a dealer who owns a stable on Quincy street. The man arrested denies that he is the party wanted but the description fits the man and it also indicates that he may be the man wanted for a similar theft at Emporia.

FEELS WELL YET DYING

Many a man believing he is well has gone to an insurance company only to be told by the examining physician to put his affairs in order as he has only a few months to live due to advanced kidney disease. Thus, many people do not even know they have kidney trouble.

If you know it you have had notice. No matter how well you feel or look if you have kidney trouble don't feed it with delay. As above, it may be already chronic. Hence, the necessity for taking at the start the only thing known that reaches it in both the first and chronic forms. There is one successful treatment and we sent for it.

The census shows that 58,000 deaths the last census year were from a disease of the kidneys that was absolutely incurable up to the discovery of this treatment. It also shows that over nine-tenths of all the census cases, sooner or later, assumed this one form. How under the sun then can people who have kidney trouble afford to take anything but the only known specific for the serious form?

People who have kidney trouble start right. We will give you full information. Rex Pharmacy, Tenth and Kansas avenues, Topeka.
